Beskytte oss selv – for å beskytte hverandre

A photograph capturing a moment of media coverage. On the left, a man with light-colored hair and headphones around his neck is operating a professional video camera, filming a woman in the center. The woman in the center has long brown hair and is wearing a dark green textured blazer over a white collared shirt. She is looking slightly to her right. To her right, another woman with blonde hair tied back in a ponytail is facing the woman in the blazer, gesturing with her hands as if speaking. The background is blurred, showing what appears to be an outdoor setting with some greenery and a building. A microphone with the number '2' on it is held near the woman in the blazer.
